

PiE Conducts Search for New Executive Director

PiE recently launched a search for a new Executive Director to succeed Muneerah Merchant, the organization's current ED who will leave the organization at the end of May, 2010 to pursue new professional opportunities. Merchant joined PiE in 2006 as the foundation's inaugural ED, providing critical leadership and experience to PiE soon after its inception in 2005.

"We have been so fortunate to have a professional of Muneerah Merchant's caliber with us for four years. Our growth and success to date would not have been possible without her talent and dedication. We appreciate that Muneerah has provided us with ample time to find a worthy successor and to ensure a smooth transition." says Lois Garland, PiE Board President.

Garland is confident about the future of PiE: "We expect that PiE will continue to grow and evolve to meet our schools' needs. We look forward to hiring a new Executive Director who will work with our committed team of volunteers to build upon the strong foundation that Muneerah helped establish."

Anyone interested in applying for the Executive Director position can visit the PiE website: http://www.papie.org/01_About/PiE_ED.pdf , or contact Melinda Christopherson, chair of PiE's ED search committee, at PiE_ED@papie.org. The application deadline is January 29, 2010.
